	Abeka Art Projects 1	20 min	1 project					X

NOTES

*at leisure activities: "Mini Luk/Ozobot Evo/Laser Maze Jr/Draw-Write-Now" are not things I require my child to do for specific amount of time or days. With that said, my son highly enjoys engaging with these items quite often.

*Average time needed to complete: The times I've listed are based upon how long my 3rd-grader takes to complete each lesson or page.
